Coding in Minecraft Washington State Competition School Year 2024-25

Official Rules and Terms and Conditions

These Competition Terms (the "Terms") govern the Coding in Minecraft Washington State Competition (the "Competition"). Please read these Terms carefully as they form a binding legal agreement between your school ("Participant School") and Prodigy Learning US Inc ("Organizer") with respect to the Competition.

UNLESS YOU AGREE TO THE TERMS AND APPLICABLE RULES, YOUR SCHOOL (1) MAY NOT PARTICIPATE IN THE COMPETITION AND (2) IS NOT ELIGIBLE TO RECEIVE PRIZES OR CREDIT.

The Competition is open to all schools in the US state of Washington during the Competition Period (as defined below). By participating in the Competition, you are agreeing on behalf of your school to be bound by the Terms.

1. Competition Period

The Competition will run from January 16, 2024 to June 30, 2025 (the "Competition Period"). The relevant period during which submissions may be submitted for the purposes of determining the competition winners will be between July 1, 2024 and June 30, 2025 ("the Accounting Period").

2. Application eligibility

To be eligible to enter a school in the Competition, an applicant must:

(a) Be an educator from a school in the States of Washington using Coding in Minecraft during the Competition period;
(b) Have authorization from a school's administration for participation in the Competition; and
(c) Use the form which can be found here to submit the application, by submitting the form the applicant confirms their eligibility.

The final decision regarding any particular school's eligibility to participate rests solely with Organizer.

3. Credential awards

All individual credentials awarded by Participant School to enrolled students (each a "Participating Student") in the Coding in Minecraft pathway during the Competition Period count towards a Participant Schools' total number of awarded credentials including the following:

- Introduction to Coding using MakeCode
- Intermediate Coding using MakeCode
- Advanced Coding using JavaScript
- Advanced Coding using Python
- Expert Coding using JavaScript
- Expert Coding using Python
- Capstone Credential – JavaScript
- Capstone Credential – Python
- Expert Capstone Credential – JavaScript
- Expert Capstone Credential – Python

Each individual credential achieved by a Participating Student will be counted as one credential awarded to Participant School. As an illustrative example, if one Participating Student completes the entire pathway in Python, the associated 4 x credentials will be awarded to Participant School.

4. Winner determination

The winner will be determined based on the following formula:

$$A/B = C$$

A = the total number of individual credentials earned by Participating Students at a Participant School during the Competition Period
B = the total number of students enrolled in all grades in the school (taken from OSPI data)
C= credentials per capita

The top 3 schools with the highest awards per capita will be the 3 grand prize winners (each a "Winner").

Organizer's calculation of each school's score, and Organizer's determinant of the Winners will be final.
